Dr. A. R. Menon (*Minister for Rural Development*): Somewhere about Rs. 600.

Mr. Puthur Achyuta Menon (*Kattur*): Is the Government certain of the success of the paper-making industry in the State?

Dr. A. R. Menon (*Minister for Rural Development*): We are trying all possible experiments. We cannot be certain as to the results. The House should not take me to task even if there are failures. It may be that we might fail in certain cases. But if the House insists on the success of all the experiments, we may not be able to do any experimental work. If the experiment proves to be a success, we will seriously consider whether we should send further applicants for training.
